# MACH SATURDAYS

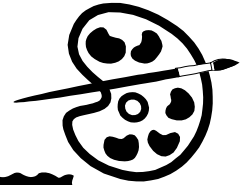

This program is a special needs arts program that is designed to help students strengthen motor, cognitive, communication and social skills.

Each week students attend four specialized arts classes designed to fully engage all in a variety of activities. Students will learn about art, cultural drumming, theater and dance. While developing their art skills, students will learn about a theme and help to create a performance based on that topic.

The program serves children with a range of disabilities from developmental, learning, and physical to social/emotional. Transportation for the programs is available for residents in the Greater Bridgeport area.

The program begins on Saturday, October 24, 2009 and will meet every other week for 15 sessions. The program meets from 9:00 AM – 12:00 PM.

The cost for this program is \$750. Financial aid is available.
